INSIDER PRIVATE PLACEMENT PROGRAM (EBA&IPPP) & EUROPEAN BANK ACCOUNT

Program

The Program is a Private Placement Program run inside the bank.

Deposit min	: 500,000 US\$/Euros/GBP
Gros Profits	: 300% per month net to client
Completion Time	: One to two weeks to set it all up

EBA & IPPP

In the **IPPP & EBA**, we organise for the client to meet with the bank officer inside the bank. A new bank account will be opened in the name of the client with him as sole signatory. The client then transfers his funds to the new account with an amount as agreed.

Full disclosure of all parties, bank accounts and company details and signatories is provided in the agreements each client receives AFTER clients have submitted their completed [EC CIS for Trading Platforms](#), and [Compliance Application Form for the Insider Private Placement Program & European Bank Account](#) to Economic Consultants and AFTER our Compliance Department has vetted and approved the client's application.

Program Advantages

-  Program operated inside European Bank
-  Compliance supported and backed by EC
-  Delivers averaging 300% per monthly return
-  Funds in the Investors account are blocked internally to trade entity's credit-line accounts and trading is conducted from Non-Depletion Trading Accounts
-  This process ensures the investors capital not directly used for trading.
-  The Investor has full transparency by being able to monitor their funds and see the trade proceeds in their account
-  Notice 1 month
