

FOR IMMEDIATE RELEASE:

Christian Erlandsen (62) joins EC, heading Africa.

London, UK - January 14th, 2013 – EC strengthens its position in Africa.

Selected African countries have an average annual economic growth of 6% - 8% and a stable political development. This opens for several interesting investment opportunities within several different business sectors like Infrastructure, Agri businesses, Tourism and ICT.

EC has long experience and networks enabling us to assist as advisors and fundraisers by building connections between European and African companies and their new counterparts. "The continent has undergone a huge development during the last 15 years I have worked in the continent," says Christian Erlandsen who has recently joined EC. He will operate from Kampala, Uganda and from Oslo, Norway. London will remain as HQ for EC.

Mr. Christian Erlandsen -

Christian brings with him valuable experiences both as management consultant in Norway, Europe and Africa as well as Manager in several Start Up businesses including in Africa. He holds a Bachelor degree from Norway as well as an MBA from USA. He has 20 years experience as consultant in leading international and Norwegian consultancy firms as well as 10 years from Telenor's international operations. He has invested in his own ISP in Uganda. He looks forward to assisting you in questions around funding and operations and all the other services offered here at EC both in Africa as well as in Norway.

Economic Consultants

was established by Mr. LJ Myrtroen in 1990 in Oslo, Norway and moved to London, UK in 1996 and provides Management Services to companies – complementing In-house Expertise.
